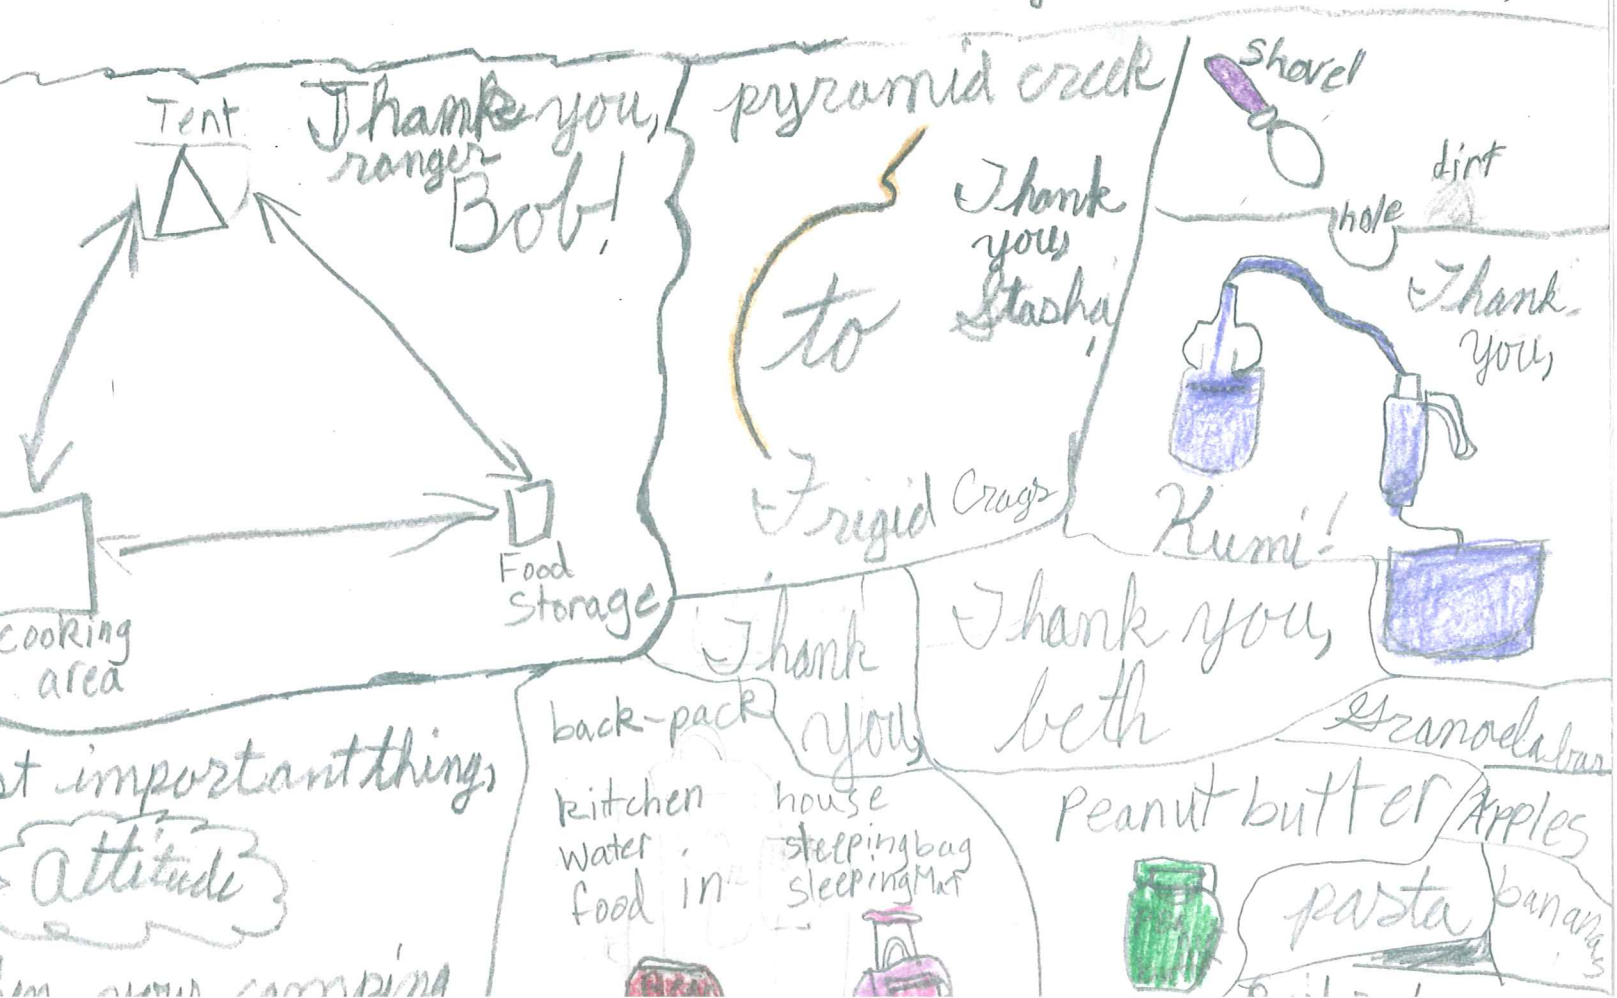
Dear park rangers,

Thank you for inviting our class.

I enjoyed it alot. My favorite station was the map station with Stasha. I learned that planing your route is very important, and to choose the right path, and Trash your trash. My second favorite station was the water filter one with Kumi. Thank you ranger Tracie and ranger Adia for the books and the three jackets: cotton, fleece, and wool. I hope I come again.


Sincerly,
Jazquel Moses
