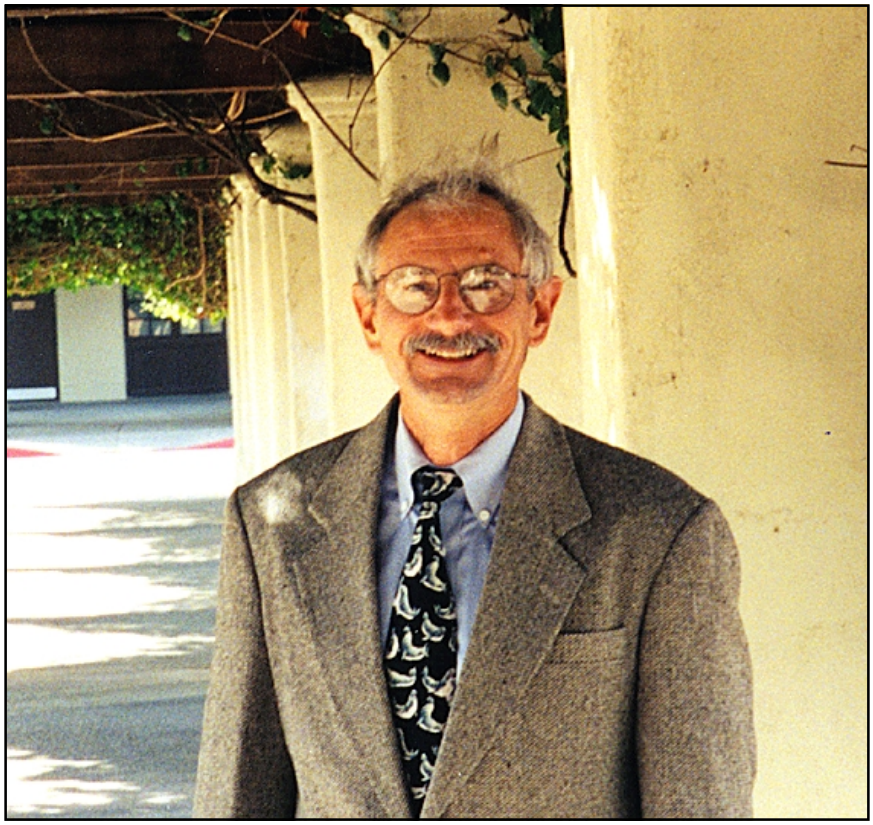
Fifth California Islands Symposium Photo Gallery

There were many highlights at the Symposium. The following photographs were obtained from various Symposium attendees, and they illustrate some of those highlights. The Summary of Sessions and Future Research Plenary, the Old Timers Session and the Old Timers Luncheon are heavily represented in the photo gallery. Videotapes were taken at every session at the Fifth California Islands Symposium including the Opening Plenary.

Fifth California Islands Symposium Registration performed by the MMS Contractor - MBC Applied Environmental Sciences. Left to Right: Kathryn Mitchell (Project Manager), Yvette De Freece (Office Assistant), and Charles Mitchell (President).

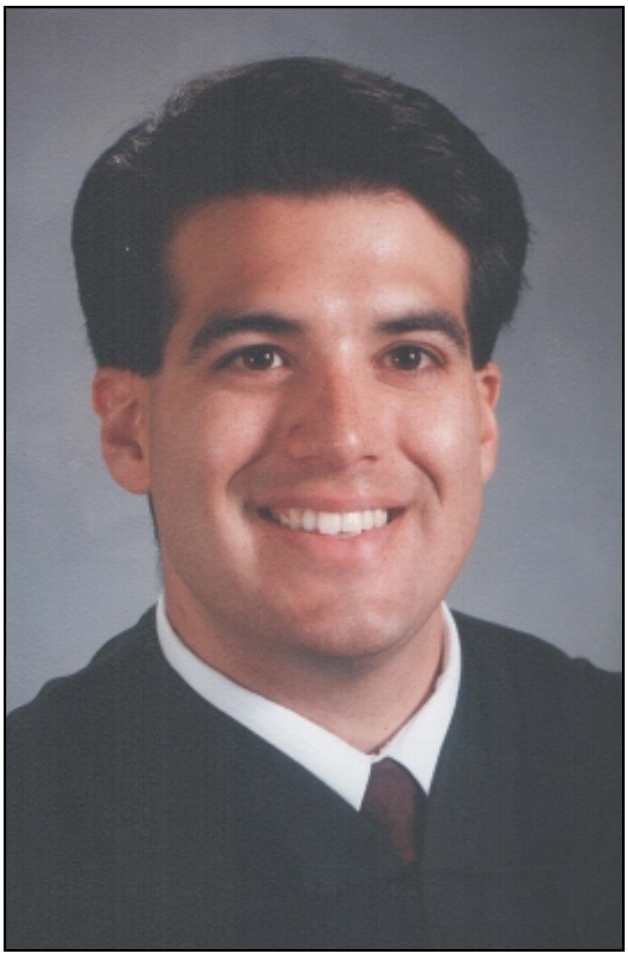
David Browne (MMS), Chairman of the Fifth California Islands Symposium presiding over the Summary of Sessions and Future Research Plenary held at Fleischmann Hall.



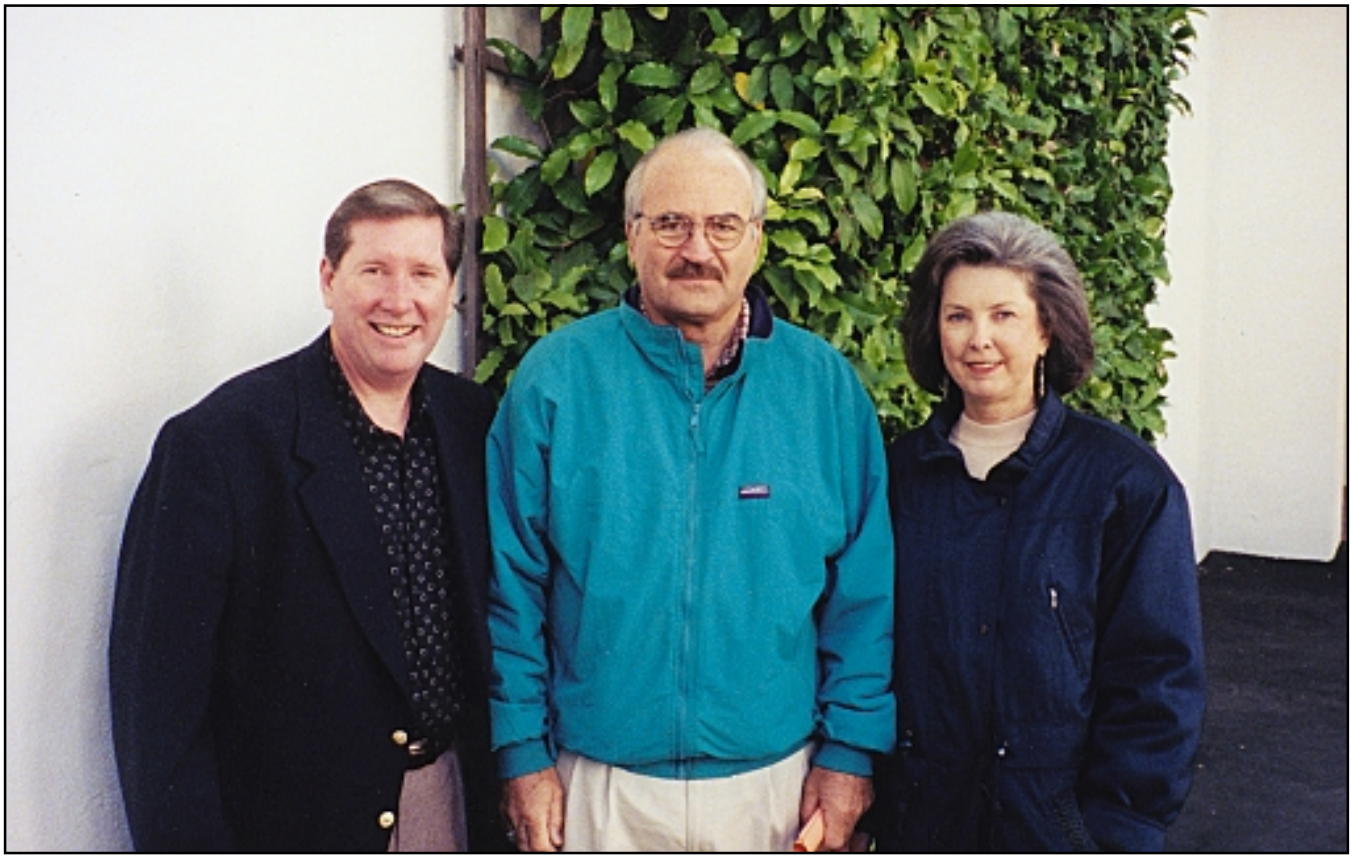
Mark Pierson (MMS) served as the Symposium Biology Sessions Coordinator and as Chairman of the Marine Vertebrate Zoology Session.

Jim Lima (MMS) chairing Social Sciences Session in Fleischmann Hall. Jim also served as the Symposium's Archaeology/Social Sciences/Education Sessions Coordinator.

Catherine Dunkel (MMS) summarizing the highlights of the Geology Session at the Summary of Sessions and Future Research Plenary. Catherine contributed heavily to the Symposium Proceedings publication effort.



John Romero (MMS) served as the Poster Session Chairman and handled public relations for the Symposium.



Keynote Speaker Dr. Larry Agenbroad, his wife Wanda, and Symposium Chairman David Browne.
